Subject: RE: EPA's public PFAS Data Explorer tool discussion
Attachments: NPDE Overview Briefing OW.pptx

Colleagues, I have been asked by OW colleagues to be ready to kick off the discussion with some overview of the rational that led EPA to include this public tool as part of EPA's PFAs Action Plan in 2019. Attached are some slides which we have been using recently to brief program and region offices on the final public version, I will start with these and can provide a short demo.

To that end, below is an adobe web connect link, if people can pull this up I will use it to project the slides and demo. Audio will be over the conference line, not adobe,

Best regards, Andy

Andrew J. R. Gillespie, Ph. D.
